

Broadplace Update

Last Updated Friday, 20 July 2007

Great News!

The Broadplace equipment is all installed.

We are now OPEN!

The Broadplace is open every Friday between 10:00 am and 7:00 pm.

Make sure all your friends and neighbours know - especially the ones who don't have Internet Access at the moment - these are particularly the people who might find a Broadplace most useful.

We have a band of willing volunteers to give a hand in a friendly inclusive environment - whatever their age or computer experience.
